Phone completes Palatine-Arlington police radio service

With the installation of a special telephone line from the Palatine exchange to the police radio room in the Arlington Heights municipal building, two-town police radio service reaches its maximum service.

Palatine residents will now have 24-hour police service. Phone calls to the Palatine police station No. 2, will be automatically answered by the radio operator in Arlington Heights.

If no officer is at the Palatine station to take the message, the Arlington operator will send it by radio to the Palatine police car, which is manned at all hours.

An example of the value of the radio hook-up occurred Sunday, when the life saving squad of Arlington fire department asked for extra oxygen tanks.

The tanks were placed in a truck ready for Arlington when a second radio message was received that the woman had died.

Similar service in case of emergency might save a life.

Arlington Heights in providing the service at a moderate cost to Palatine is showing a neighborly spirit.

Lions, Arlington theater hold annual Xmas party for children Dec. 23

The annual Arlington Heights Lions club-Arlington Theatre Christmas party for local youngsters will be held Thursday, December 23, from 1 p. m. to 3:30 p. m., Chairman J. D. Bryson announced this week.

Doors to the theater will be open at 12:30 p. m. The program will include films, including cartoons, a magician and an amateur show of local talent. Ralph Pierce will be the madcap magician who has appeared in this area before FFA groups, and was secured for the show by Bryson.

Santa Claus also will be on hand to entertain the audience and to hand out holiday treats. The show is for pre-school children through elementary grades.

For admission each child is asked to bring an article of clothing, either new or used but in good condition and clean, to be sent to European refugee children by Girl Scout units.

Police, firemen and Lions members also will be on hand to supervise the party and for safety measures.

Night classes hold open house Dec. 14

An open house at Arlington Heights adult evening school will be held Tuesday, December 14, according to Principal LeRoy J. Knoepfel, who stated "everyone is invited."

The program will begin at 8 p. m. in the auditorium with 20 minutes of music by the high school faculty barbershop quartet, which includes J. D. Bryson, agriculture teacher, John Schaff, driver training, Alvin Kulieke, chemistry, and William Boland, vocal music.

Paul Stroud and his fly-casting class will demonstrate for the audience. After the program, visitors may tour any class they wish, to see what is offered in each course.

New firm deepens R. R. underpass to accommo- date large trailer trucks

Hummel & Downing Co., which recently purchased the Mayfair Food Products plant is deepening the underpass of the Northwestern railroad sufficiently to give a clearance of 13 ft. 6 in. The company will manufacture corrugated boxes and large shipments. Inability of the village to pave roadways to the plant forced the company to deepen the underpass.

Manufacturing operations will start within ten days. Machinery is now being installed.

Palatine girl ill with meningitis

Candy Ettinger, one year old granddaughter of Mr. and Mrs. John E. Hac of Palatine Park, Palatine, is in the Children's Memorial hospital seriously ill with meningitis. She took sick last week Wednesday and was taken to the hospital Friday.

Members of the Palatine American Legion Post 690 have offered to donate blood, which is needed to counteract this dread disease. Mr. and Mrs. Hac want to take this method of expressing their sincere thanks to the Post.

Fire destroys \$30,000 barn and machinery

Arthur Plote, Ela road, Palatine township, sustained a loss of more than \$30,000 Wednesday, November 24, when fire of unknown origin destroyed a 36x100 ft. barn, with hay and grain, on his farm.

Palatine fire department and scores of farmers who hauled vast quantities of water, saved two silos adjoining the barn and a tool shed as well as considerable farm machinery.

FIREMEN state that they never had such cooperation on the part of farmers who came with truck loads of water. When the last fire truck left the Plote farm after two a. m. Thanksgiving morning, thirty milk cans of water were still untouched.

"That cooperation was outstanding because in some areas served by the Palatine rural fire league, we are given very little assistance. Firemen are licked as soon as water in the truck tanks is exhausted," a Palatine fireman told a reporter. "Other rural firemen have probably had the same experience."

The blaze was first discovered by Plote's son, Wesley. His sister, Lorraine, who was also in the barn at the time, ran to the house and Mrs. Plote called Palatine fire department, which soon had three trucks on the scene.

MR. PLOTE, plowing in an adjoining field, saw the blazing roof and reached the scene in time to get 42 head of cattle out of the barn. In the meantime, scores of neighbors assisted in

PTA book fair today offers Xmas gift suggestions

Between 2,000 and 2,500 books for children and a smaller selection for adults will be available to Arlington Heights residents today, Thursday, December 2, at the PTA book fair at South school auditorium.

"We know this eighth annual book show will be as generously received by local residents as in the past seven years," Mrs. Norman Crandall, chairman, stated.

Hours of the fair are from 3:30 to 5:30 p. m. and 7 to 10 p. m. PTA room mothers will be at the fair to help parents and friends in making selections. Price of the children's books will range from 50 cents up.

Miss Flaherty, experienced as a book reviewer in the Chicago area, will spend Thursday at both North and South schools reviewing books for children to help parents in choosing gift books for their youngsters.

There is no admission charge to the fair. Arlington Heights PTA will receive a small commission on each book sold, but the group's main objective is to give parents a chance to buy good books for children from both educational and enjoyment viewpoints.

An added feature this year will be a selection of adult books, which will include best sellers in both fiction and non-fiction.

Any books ordered at the fair will be delivered within two weeks.

Decorations of a Christmas theme will be supervised by Mrs. Earl Riley.

DAR meeting today

Eli Skinner chapter DAR of Arlington Heights will hold their Christmas party tonight, Thursday, at the home of Mrs. Ira Parker, 608 Burton place, at 8 o'clock. Mrs. Mark Cleaver and Mrs. Marion Grigsby will be co-hostesses.

Members are asked to please bring clothing and gifts for Kate Duncan DAR school.

Cow and new cars divide Buick dealer's interest

Employees of Harry H. Knaack, Inc., Arlington Heights, are doing some guessing about their boss. They do not agree as to which holds the greatest interest of Harry—a Shorthorn heifer or the 1949 Buick car.

Several of the new cars are in the Knaack show room and the heifer is in the show room at the Chicago Livestock exhibition.

When pressed for her opinion, Mrs. Knaack told this reporter, "Harry has sold Buicks many years and the importunities of waiting customers has become an old story for him, while his great love at the moment is his prize Shorthorn heifer."

Mrs. Knaack added, "We bought an estate in the country as an ideal, picturesque place to live. To keep the 404 acres of the estate is the

moving machinery out of the danger zone.

With the barn a mass of flames the firemen, directed by Capt. John Ahlgrin and Lt. Arnold Today, succeeded in saving adjoining structures and the silos. Contents lost in the fire included 3,000 bales of alfalfa hay, 1,400 bushels oats, 7 tons of feed and a barn cleaner, recently installed.

WITH THE fire under control, the attention of farmers was directed to the dairy herd which needed milking. Many hands made light work of that job, and the cattle were taken to the former Frost farm, now owned by Ernest Plote, who is not operating a dairy.

Before midnight volunteers were busy installing new milking equipment in the Frost barn. The necessary pipes had been recently purchased by Mr. Plote from a neighbor who had retired as a dairyman. The pump and units were purchased direct from a Naperville dealer. The cows had their morning milking the automatic way.

"GREAT AS IS my financial loss," says Mr. Plote, "it was worth that of that loss to discover I had such fine neighbors." Plote gives similar praise to firemen who, he said, "knew what they were doing every minute when minutes meant a lot to me. My thanks goes to all of them."

The amount of the insurance is small compared with the loss sustained.

Opera star's 'dramatic, big' voice acclaimed by concert audience

Arlington Heights Community Concert association members heard Italo Tajo, popular bass-baritone, sing several operatic arias and other numbers Sunday night, November 28, at Arlington Heights high school.

The opera star's appearance was the second in a series of four concerts to be presented during the winter season for association members.

"Very dramatic," "use of vigorous gestures," and "a wonderful, big voice" were some of the comments made by the audience after Tajo's performance. His selections included an aria from "Don Carlos" and an aria from "Don Quichotte," in addition to a group of five lighter numbers. The latter included "May Day Carol" by Deems Taylor and "To a Messenger" by LaForge.

Tajo also obliged the audience with several encores.

His accompanist, Robert Turner, played four numbers, two of which were "Polonaise in C sharp minor" and "Valse Brillante."

His Arlington Heights appearance was Tajo's first of eight Community concert performances in ten days. His next schedule will be a several months engagement at New York Metropolitan Opera house.

Tajo made his debut in Chicago two years ago and arrived in the United States September 22 after a European tour.

The local concert association's next program will be Friday, February 6, when the Philharmonic Piano Quartet will perform in Arlington Heights.

Jerry Leeds' alibi is a Minnesota snowstorm

Jerry Leeds of New Emerald Cleaners is blaming a snowstorm because he is not serving venison steaks to his friends. He left Arlington a week ago and arrived in the deer hunting grounds, 35 miles north of Minneapolis at the same time that a blinding snowstorm put in an appearance. He did not get any deer and returned home the next day.

Only one man out of the entire group succeeded in making a kill. Two stayed on the job an entire week.

Mr. and Mrs. Frank Brodman, S. State road, Arlington Heights, had a six-month-old fox terrier puppy named Blackie who was great company for their three year old son, Gary, but their apartment was small. Gary agreed to part with the dog if he were promised another dog when the Brodman's purchased their own home.

Mrs. Brodman inserted an ad in Paddock Publications offering to give Blackie to anyone who would assure them of a good home for the dog.

"Mrs. Louis Blank, Airport apartments, was among the first to answer my ad," Mrs. Brodman stated. "She was so happy to obtain Blackie because he reminded her of a dog she had had for eight years and lost."

We had several other calls and received one long distance call from a lady named Blackie."

County police drives bookie out of Palatine

When the operators of the new Palatine bookie told village officials that they would not be disturbed by county authorities they did not know how swiftly such a claim would be refuted by Lt. Horton and his plain clothes men operating from the Morton Grove station.

The action of the county police officers surprised not only the bookie owners but also village officials who were consulting the village attorney to learn how far they could legally go to close the bookie.

The bookie was raided and two owners were taken into custody on the opening day. Lt. Horton returned each succeeding day until Saturday when the bookie was closed lock, stock and barrel.

In commenting upon the action of the county highway police Mayor De Pue said, "those county boys certainly did a good job and we appreciate it. I predict it will be many a day before another bookie attempts to open in Palatine."

Palatine has gone on record as opposed to such form of gambling. A number of tavern owners expressed the same opinion. One tavern owner said "There is no surer way to start local opinion agitation than to let down the bars to bookies and gambling. An aroused populace would have made trouble for even those of us who attempt to obey the law in every particular."

Postmaster asks early mailing

Postmaster Virginia F. Dodge today appealed to local residents to plan to mail all Christmas greeting cards and gift packages "just as early in December as possible."

An even heavier flood of Yuletide mail is expected this Christmas than during the record-breaking 1947 holiday season, when the local post office cancelled 350,000 pieces of mail.

All packages should be mailed before December 10 to assure delivery before Christmas Day. Christmas cards for out-of-state delivery also should be mailed by December 10 and cards for local addresses should be in the collection boxes at least a week before December 25.

Early Christmas mailing is extremely vital, the Postmaster said, because handling the Christmas mail load is divided into three phases. First, the mail for out-of-town must be collected and dispatched by rail and air. Then, delivery of Yuletide greetings being exchanged locally becomes the big job. Finally, there is the last-minute flood of cards and packages from out-of-town to be handled.

"Whenever these three operations overlap, there is a jam in the post office and deliveries are delayed," the Postmaster declared.

Arlington tags honor scoutcraft

Arlington 1949 vehicle tags which went on sale December 1 bear the face of a boy scout and the inscription, "A Boy Scout Town." The design was approved by the Northwest council of Boy Scouts of America.

It has been the practice of the village to place on its annual tags an illustration of some activity for which Arlington Heights is famous.

The use of a running horse was supplanted two years ago by the Red Wings. The illustration this year brings Scoutcraft to the front as an activity in which the citizens of Arlington is giving whole hearted support.

Homeless dog finds airport penthouse through want ad

Mr. and Mrs. Frank Brodman, S. State road, Arlington Heights, had a six-month-old fox terrier puppy named Blackie who was great company for their three year old son, Gary, but their apartment was small. Gary agreed to part with the dog if he were promised another dog when the Brodman's purchased their own home.

Mrs. Brodman inserted an ad in Paddock Publications offering to give Blackie to anyone who would assure them of a good home for the dog.

"Mrs. Louis Blank, Airport apartments, was among the first to answer my ad," Mrs. Brodman stated. "She was so happy to obtain Blackie because he reminded her of a dog she had had for eight years and lost."

New president

Wilbert C. Hartmann will be installed as first president of the newly-formed Arlington Heights Kiwanis club at a banquet Wednesday, December 8, at 6:30 p. m. at Rolling Green Country club.

Hartmann has been a village trustee for two years and a resident of Arlington Heights 38 years. He has owned and managed Hartmann's Shoe store for 14 years, prior to which time the store was owned by the Hartmann family since 1886. Hartmann also is a member of Arlington Heights Chamber of Commerce.

Kiwanis members will include Arlington Heights men who operate businesses in this community.

Announce 13 Girl Scout leaders; need volunteers

Thirteen Arlington Heights women this week became full-fledged leaders of Girl Scout troops after attending a six-day basic training session at Arlington Heights field house.

The women, under direction of Mrs. Morris Virnig, professional director, also enjoyed a cook-out one day at Camp Pine.

The new adult leaders are Mrs. Joseph Kochton, Mrs. Carl List, Mrs. David Zimmerman, Mrs. Stanford Jackson, Mrs. Howard Baker, Mrs. Everett Dovele, Mrs. LeRoy Huebner, Mrs. Earl Linne, Mrs. Gerald Sanders, Mrs. Ralph Lohse, Mrs. John Latta, Mrs. Herbert Hackbarth and Mrs. Carmen Duro.

Mrs. Walter Hermesdorf, organization chairman, has called a meeting next Monday, December 6, at Arlington Heights field house at 7:30 p. m. for local adults who would like to supervise a Girl Scout troop.

Parents of Girl Scouts in five troops who cannot meet because they are leaderless are especially asked to come to the meeting. More than 75 girls in the five troops have been waiting patiently for an adult leader to appear to help them in scout activities.

Also, at least four troops of second grade children in Arlington Heights North and South, and St. Peter Lutheran and St. James Catholic schools are waiting to become Brownies, but need volunteer adults to head the organizing.

Adult education opens classes to parents

"The adult education program idea is spreading like wild-fire and offers schools a chance for not only increasing income but for giving further public service by opening classrooms to parents and adults," Dr. H. W. Hamlin, director of adult education at University of Illinois, stated at an area meeting of directors of evening education.

LeRoy J. Knoepfel, principal of Arlington Heights high school, and John Schaff, driving instructor, attended the regional meeting of directors of adult education programs Monday night at Maine township high school, Des Plaines.

Members of 17 high schools had dinner at the Pantry, and later heard speeches by Dr. H. W. Hamlin and Dr. W. T. Poyer, president of Maine high school board of education.

Elmer J. Anderson, director of Maine evening school, presided at the meeting which consisted of panel discussions on types of courses, size and fees to be charged.

The next meeting in March will be at Arlington Heights high school.

Deadlines for Christmas advertising

Advertising deadlines have been advanced necessarily to Tuesday.

Kiwanis club to install first officers next week

Officers of the newly-formed Kiwanis club of Arlington Heights will be installed at a banquet Wednesday, December 8, at 6:30 p. m. at Rolling Green Country club.

Wilbert Hartmann will be installed as president; William Neuman, vice-president; Lawrence Dahlgren, secretary; and Elmer Lindemann, treasurer. Board of directors will include Hugo Eiler, Edward Fritz, Kenneth Whitton, Paul Taege, Walter C. Hanson, Jr., Nat Burfeind and Donald Hartman.

The new organization of 38 members is being welcomed by businessmen of Arlington Heights in a half-page advertisement in this week's issue. Purposes of the new club are for "aggressive citizenship, our individual responsibility, the price of freedom and advancement of the community as a whole."

Patrick J. Lucey, of Des Plaines, Lt. Governor of the Iowa-Illinois district of Kiwanis International, will preside at the Arlington Heights installation. Retiring Governor Jim Carpenter of Dubuque, Iowa, will present the charter. With him will be Walter Sadler, secretary of the Iowa-Illinois district.

NAT BURFEIND, of Arlington Heights, is general chairman of the charter night committee.

Arlington Heights Kiwanis club was organized in April, 1948, and was assisted in formative stages by Des Plaines Kiwanis club through leadership of President William J. D. Ladendorff and Lucey.

"It was through sponsorship and assistance of these men and the friendship and good will between the two clubs that the Arlington Heights group got off to such a good start," Hartmann stated.

The first meeting of the Arlington Heights group took place in April and continued to the time of the Illinois-Eastern Iowa district of Kiwanis international convention September 27 at the Congress hotel. At that time Ladendorff, president of the Des Plaines chapter, presented to Kiwanis Governor James D. Carpenter the petition for application to membership of the Arlington Heights chapter.

At a meeting of the board of trustees September 28, the petition was voted on and accepted unanimously. Arlington Heights is the tenth club organized in this district in 1948.

ARLINGTON HEIGHTS Kiwanis members will meet every Wednesday at 12:30 p. m. at Simon's restaurant. Charter members include William Annen,

Three injured as cars crash at Palatine, State rds.

Four persons escaped serious injuries at 10 a. m. Tuesday morning in an auto accident at the intersection of Palatine and Arlington Heights roads.

A Barrington car, traveling east on Palatine road, failed to obey the stop sign and hit a north bound car being driven by Mrs. Emil Curtis, 39, Golf "and State road, Arlington Heights. Occupants of the Barrington car were Mr. and Mrs. Floyd Bateman. The car was driven by James Sims, 49, a negro chauffeur.

Mr. Bateman, 71, had recently been hospitalized for heart trouble. All injured were taken to the Palatine Community hospital, where the chauffeur was given first aid for light injuries. Mr. and Mrs. Bateman sustained shock, cuts and bruises, and were later taken to the Passavant hospital, Chicago.

Mrs. Curtis is still in the Palatine hospital and appears to be on the road to recovery. She sustained cuts and bruises but has cheerful greetings for those who call to see her.

The chauffeur told officers Ira Nelson and Helmer Balle that he was unable to stop his car in time to avoid the accident.

Municipal retirement fund makes first Arlington payment

Mrs. Eldon Belzer received a check this week from the Illinois municipal retirement fund for approximately a year's salary of her late husband who was killed a few months ago in an auto accident.

This is the first check to be received from that fund by descendants of an Arlington Heights village employee. Municipalities over 5,000 population can elect by vote to place their employees under the provisions of the fund. The municipality and the employee both make payments to it.

Arlington police officers operate under a similar plan, known as Arlington Heights Police Pension fund.

Possible fatal accidents averted by memory of Public Service employee

Twenty years ago a high tension power line to the Arlington Heights sewage treatment plant was placed underground beneath the R. R. underpass, which is now being deepened.

Tuesday, an old employee of the Public Service Co. passing the scene remembered that he had aided in "burying" the power line.

Milburn Bros., engaged in doing the present work knew nothing about any obstacle to their work. There is a possibility that if the excavator had severed the line, a fatal accident might have occurred.

Excavation work was stopped Tuesday and Public Service employees deepened the power line Wednesday.

A good pharmacist, efficient and trustworthy, can be of real service. He will co-operate with the doctor and make certain that your insulin requirements are met promptly.

WANZER ON MILK IS LIKE STERLING ON SILVER. OUR 91ST YEAR

Wake them . . . in the morning, Mom, wide awake . . . this way:

Whisper . . . to every sleepy head: "Hurry, darling, wake up, touse-head, it's all ready . . . don't you smell the buttered toast? . . . remember the big bowl of hot cereal and cream?"

They'll open one little eye . . . and peep . . . and explode from forty fathoms under . . .

. . . and soon, are sitting washed, combed and expectant in front of a deep bowl of steaming cereal swimming in cream . . . and toast that's buttered thickly with golden butter . . . and tall glassfuls of healthful Wanzer milk.

. . . more reasons, Mom, why we keep our milk and cream and butter and eggs so clean and rich and sweet and pure . . . for you and yours.

Wanzer's
Delivered to your home in Chicago and in every Chicago suburb . . . finest milk, cream, butter, eggs, churned buttermilk and creamed cottage cheese . . . and other famed specialties.

Talks to highlight Pre-school study group meeting

"Brothers and Sisters" and "Playtime is Growing Time" will be the topics of discussion at the meeting of the Pre-school Study Group at South school Thursday, December 2, at 8 p.m. Mrs. Paul Fellingham, chairman of the group's service committee, announced that H. Slichenmyer, of Arlington Heights Township high school, will address the group on the topic "Brothers and Sisters" and Mrs. James Lambdin, director of the Presbyterian church nursery school, will lead the discussion on "Playtime is Growing Time."

This is the second meeting of the Study Group and the first in a series of panel discussions. The pre-school service committee urges all parents of pre-school children to attend these monthly discussions as a portion of the meetings are given over to questions and answers by the audience. Mrs. Herbert Mahumud will introduce Mrs. Lambdin, first giving a summary of an article in that publication's November issue.

Xmas gifts for yanks

William T. Lenheim has been appointed by Merle Guild Post No. 208 as chairman for the local 1948 "Christmas Gifts to Yanks Who Gave" program soon to be launched in Arlington Heights. The local post is conducting the fifth annual drive to supply a gift for every one of the estimated 14,000 veterans and service patients at present confined to 43 Illinois hospitals and institutions.

Mr. Lenheim has announced that Legionnaires will solicit the aid of the public in collecting both gifts and cash donations. Arlington Heights depository for gifts will be Millay's Ice Cream shop, 3 West Davis St. Gifts may be delivered there between 9 a. m. and 10 p. m. any time after December 4.

Checks should be made payable to The American Legion, Department of Illinois and marked "Gifts to Yanks." They may be mailed to Merle Guild Post

208, American Legion, Arlington Heights, Ill. The Legion's purchasing committee, headed by Carl Stockholm, Chicago businessman, will use money thus collected to purchase suitable gifts at wholesale prices.

VALUE OF GIFTS should be from \$1 to \$5, and each purchaser should enclose his name and address for receipt of acknowledgment. Each package should be marked plainly on the outside as to contents and value, and whether for male or female patient. Packages will be taken by posts to state armories, where they will be picked up for distribution on or shortly before Christmas Day by Legion Auxiliary workers.

Edward Clamage, Chicago, Legion state chairman of hospital gifts, suggests the following for male patients: Handkerchiefs, bathrobes, comb and brush sets, shaving kits, toilet articles, socks, pen and pencil sets, pipes, tobacco and cigarettes, house slippers, shaving brushes, sweaters, tee shirts, writing kits, decks of cards, white shirts and ties. For female patients, bathrobes, bed jackets, hand mirrors, comb and brush sets, silk hose, cologne, house slippers, manicure sets, cosmetics, and pen and pencil sets are appropriate.

cosmetics, and pen and pencil sets are appropriate.

Mission Endeavor

The quarterly meeting of the Lutheran Women's Missionary League (Mission Endeavor) will be held Friday, at 2 p. m. This group is sponsored by the Dorcas Aid of St. Peter Lutheran church, Arlington Heights.

Installing officer

Patrick J. Lucey, of Des Plaines, lieutenant governor of Illinois-Eastern Iowa district of Kiwanis International, will install new officers of the Arlington Heights club Wednesday, December 8.

Lucey is past president of Des Plaines Kiwanis club, elected seventh time as member of the board of directors of Des Plaines Kiwanis, and has been re-elected lieutenant governor of Division 17 for 1949, the first time a lieutenant-governor has succeeded himself in office.

Officers and members of Merle Guild Unit No. 208, the American Legion Auxiliary of Arlington Heights, extend an invitation to all women of the community who are eligible to membership in the auxiliary to attend the regular meeting to be held at Legion hall Tuesday evening, at 8 p.m.

Amid Christmas plans for hospitalized veterans and their families another concern of the American Legion Auxiliary, is the re-enrollment of members for 1949. Mrs. Merle Holtz, membership chairman of Merle Guild Unit No. 208, believes that the auxiliary is entering a year that will make greater demands than ever before on the organization.

Mrs. Holtz joins Mrs. Albert C. Russell, unit president, in urging members to enroll early. They also extend an invitation to the wives, mothers, daughters, and sisters of the Legion members to join the unit. The scope of auxiliary service is such that every member can find the type of work she is interested in, whether it be rehabilitation, Americanism, child welfare, community service, national security and Pan-American study, publicity, or a number of other phases.

Ex service women are eligible to auxiliary membership in their own right and are also invited to become members. Membership in Illinois is expected to reach 80,000 in 1949.

President, Millie Russell, and rehabilitation chairman, Eleanor Taylor, took apples, hard candy and cigarettes to Elgin hospital as a treat. They also took articles left from the rummage sale, which can be used by the patients in therapy work.

In all, 350, spangleland stars and performers will be included in this year's gigantic International Circus for the 9-day engagement at the Coliseum opening Christmas night.

PALATINE HOST TO WAUCONDA FRIDAY; BISON MEET ELA

FRIDAY, DECEMBER 3, 1948

Basketball season is underway and both the Northwest and the North Suburban have started league competition. Nothing spectacular has developed at the start in either conference. The upset of the week was Northbrook, without a single regular returning, knocking off Antioch in a double bill at Antioch. The latter was rated by the coaches

and this columnist as being a probable first division team and Northbrook a near tail-ender. Otherwise, results were true to advance hope. It appears that both leagues are evenly matched. Barrington, expected to dominate the Northwest, has won three games including a 40-29 league tilt with Grant. They have not looked impressive to date but have excellent material and will no doubt soon show their class. Against a mediocre Lake Forest team, not having a letterman, Barrington won a close victory and looked anything but a champion.

Elgin will make strong state bid this season

Elgin is a strong possibility to go to the state tournament. That was generally felt by coaches of this area at the end of last season when Coach John Kraft's underclass team made such a good tournament showing, finally bowing to LaGrange in the sectional. LaGrange took fourth in the state. Elgin has a good 6-6 center in Peterson and a 6-6 understudy up from the frosh-sophs. They also have eight out of 10 squad members from last season. To date they have beaten Proviso, 74-45 and Maine, 65-33. Maine beat Leyden, 44-41, and Leyden has a powerful team which crushed Palatine, 55-29, using their entire squad. Elgin has a great ball club, an excellent coach, and will improve as the season progresses. They are our nomination at this early date for the "Sweet Sixteen" and a strong possibility for the state title.

Two thirds of all-state team from Northern Illinois

The all-state football squad picked by the Champaign News-Gazette and for long recognized by high schools as the official all-state team is reprinted on this page. It was tougher than ever for small school gridders from the Chicago area to make the team. Two thirds of the

squad named is from the north part of the state. The leading candidates from the small schools of this area were Robinson, of Arlington, and Spera of Leyden, both quarterbacks. The Champaign News-Gazette stated that the quarterback position was the strongest in years from the standpoint of the number of good boys nominated.

Most any other time these boys would have had a chance but not this year. So they join the endless list of honorable mention players. Robinson's picture with a writeup about his great season and the fact that he has won 13 high school varsity letters appeared in the state sports newspaper "Illinois Ath-

Palatine trips Bisons twice

Palatine came from behind in both games to sweep a double bill at Bensenville Tuesday evening in Northwest Conference games. The Varsity pulled ahead of the Bisons in the last quarter and took a 28-26 decision while the frosh-sophs won 24-18 though trailing 6-1 the first quarter and 15-12 at the half.

Bensenville appeared to have the varsity game well under control the first half as they built up a 16-11 lead. Palatine kept plugging along and trailed only by 20-19 going into the final eight minute period. Waznik who was high scorer of the game with 13 points led the last quarter attack which pulled the game out of the fire for the Pirates. Both teams lost two boys on fouls as each suffered 20 penalties. Both teams made 10 out of 22 free throws but Palatine made one more goal from the field to turn the game in their favor.

PALATINE frosh-sophs, notorious slow starters, did not gain the lead until the final nine minutes of the game. They then pulled away to a comfortable lead. Sherman at center finally found his eye for the basket and scored nine points to top both teams. Rogers, small Palatine forward, scored eight points in four field goals. Lauman, Bison forward, scored seven points.

The victory broke the edge that Bensenville has had over Palatine on the basketball court the past few years and should be a real boost to Palatine team morale.

Barrington tops Grant, 40-27; Lake Forest, too

Barrington Broncos won their first conference game last week when they grabbed a first period lead, held onto it until the final quarter, then forged ahead to win, 40-27. Using two complete teams, the Broncos were slow in getting going. Scoring was spread among almost all of the Barrington boys. Jack Tukey, Ken Schuett and Jim Frey played up to their ability, but most of the other boys looked below par.

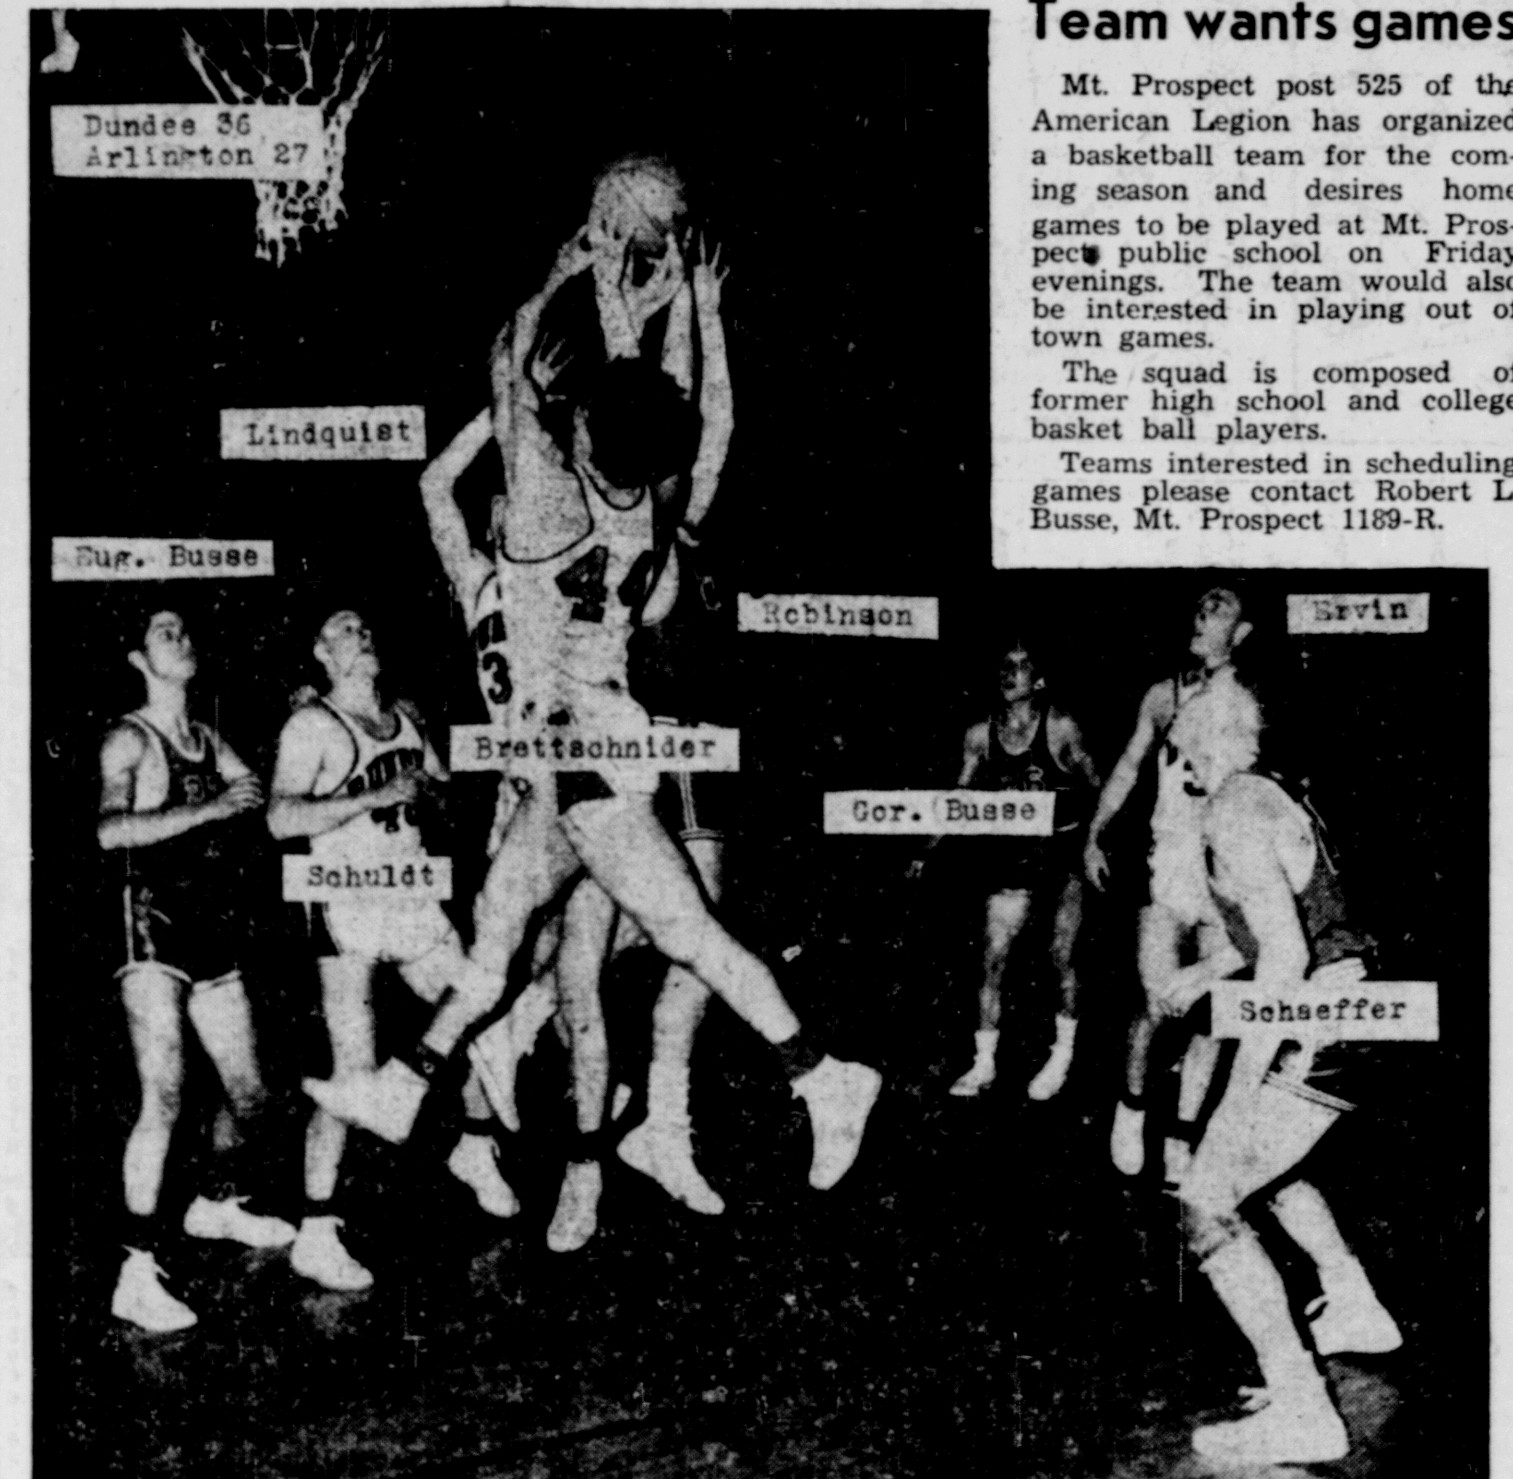

Grant teams, under direction of their new coach, looked good. They picked off to advantage, and looked particularly good in the frosh-soph encounter. Johnson was used to advantage, dropping in three buckets. Richardson was tops for the Fox Lake boys, garnering four baskets.

THE WINNERS sank 17 of 46 shots from the field, while Grant notched eight of 48. Truax and Schwemm led the Barrington yearlings in a 31-27 win in the preliminary, gathering ten and eight points. Brand and Payton were tops for the losers.

In another game last week Barrington copped a 32-25 contest against Lake Forest. The Lakers led at the half, 15-11. Score was knotted at 20-all going into the final frame. Barrington with the eleven, and Phillips were tops for the Scouts, with Broncho scoring evenly divided.

Mount Prospect wins 5 in row

Mt. Prospect Sr. Walther League squad won over Des Plaines Walther League team in a hard fought battle November 24 at the public school.

Mel Krueger and Bill Wille led the Mt. Prospect team with 10 and 9 points each, while Kait-schuck and Walters of Des Plaines led their squad with 9 and 7. Mt. Prospect took the lead in the first half with a 27-6 tally. Des Plaines rally in the second half was not enough, permitting Mt. Prospect to win, 38-29.

The Senior team won their fifth straight game in a decisive battle against Itasca Walther League, 53-42, placing Mt. Prospect at the top of the Walther League standings.

First quarter Mt. Prospect led with one free throw, 11-10. In the second period Marty Hasz and Mel Krueger opened up and kept Mt. Prospect ahead at the end of the half, 21-20. W. Schlomann led the pace for Itasca with 14 points in the first half.

Third quarter Marty Hasz, Fred Meeske, and Bill Wille put Mt. Prospect ahead, 35-25. Last frame Itasca matched Mt. Prospect in goals except for a free throw, resulting in Mt. Prospect

Bisons win cage opener at Wauconda, 39-33

Bensenville split their league opening double bill at Wauconda last week. The varsity, led by the high scoring of Keller and Anderson, took a 39-33 decision. The frosh-sophs lost a heart breaker, 22-21, as Kersten of Wauconda arched the winning basket with less than three seconds remaining in the game.

The varsity game was very close with Wauconda leading 8-6 at the quarter and Bensenville 18-17 at the half. The Bisons forged into an eight point lead in the third period to provide the winning margin.

OSINSKI, sophomore forward, scored 15 points for Wauconda. Keller, senior guard, racked up 15 for Bensenville, while teammate Anderson, junior center, scored 12. Weak free throwing by Bensenville was one of the reasons the score was close.

Wauconda led most of the frosh-soph game but fell behind at the finish and appeared to have lost the game, 21-20, until Kersten's shot pulled it out of the fire.

Team wants games On the sidelines

Mt. Prospect post 525 of the American Legion has organized a basketball team for the coming season and desires home games to be played at Mt. Prospect public school on Friday evenings. The team would also be interested in playing out of town games.

The squad is composed of former high school and college basketball players.

Teams interested in scheduling games please contact Robert L. Busse, Mt. Prospect 1189-R.

Team wants games On the sidelines

by MARVIN PRELLBERG
"The boys played a good game last Friday night against Dundee considering it was their first game, but there's a lot of work to be done," commented Coach Leo Bell.

It was a fine game for the Cardinals midgets. Arlington had a great height disadvantage but kept right on the boards with the rough and taller Dundee boys. It was just a few minutes in the third quarter when the Cards fell 11 points behind, that the game was doubtful for Arlington. Coach Gene DeLacey's boys caught the Cards off guard several times and moved down the floor past the Cards' defense for easy lay up shots.

Bill Robinson had the pleasure of guarding All-State Jimmy Schuldt for the night. Schuldt found it hard to get past this ace defensive player and scored only 4 baskets. Robinson can be remembered as the boy who held Barrington's former star, Leroy Pomeroy, to no points last year at Arlington.

THE DUNDEE Varsity cheerleaders showed some poor sportsmanship last Friday night when Arlington's cheerleaders went out on the floor to give a cheer. Every time Arlington started a cheer, Dundee would begin one and drown out their rooting section.

The championship emblems for last year's Northeast Conference championships in track and golf have arrived and will soon be seen on the sweaters of the boys who helped to win them.

Zion-Benton has officially replaced Barrington on the Cardinal football schedule for 1949. The game will be played at Zion on September 16.

Arlington off to Niles in first NE Conf. tilt

Arlington Heights high school Cardinals travel to Niles this Friday night, December 3, for their second cage contest of the current season. The Cards have one loss to Dundee behind them, while the Trojans have successive defeats at the hands of Evanston and Waukegan on their record.

Coach Gene Bell's basketball hopefuls have the toughest card in history ahead of them with twenty doubleheaders and three tournaments on the slate. With just three schools remaining in Northeast conference competition, Arlington has lined up Niles and Leyden, traditional Palatine, Northbrook and Barrington of the Northwest league, Crystal Lake and Libertyville of the North Suburban, and Maine of the West Suburban to mention a few.

ARLINGTON lacks veteran height for a top notch season, but Coach Bell's boys should have a better than average year. The Niles contest Friday could be a victory for Arlington, but the Trojans have always been tough on their home court. Early season misplays are certain to be a big factor in the result.

Season reserved seats for Arlington's home games are on sale both at the high school and at Millay's in town, at \$6.00 for the ten contests. The Cards first games at home will be against Leyden December 17.

PALATINE hopes to gain a 2-1 edge in the Northwest league standings Friday night when they take on Wauconda in the local gym.

The Pirates nosed Bensenville Tuesday night of this week to gain their first win in the conference. Coach Stutzman's boys hung on until the final period when they went ahead to win by one bucket.

Coach Claude Bailey's Pirate yearlings also copped a victory at Bensenville, 24-18, and will be out to retain their unblemished conference record. Both Palatine and Wauconda have 2-0 records in the frosh-soph division.

BENSENVILLE moves on to Ela Friday night, with the winner certain to move up to second spot. Both squads are tied with 1-1 starts to date.

Coach Frank Navotney's boys should have an even battle on their hands. Comparative scores pick the Bisons to lose by five tallies. Nothing will be at stake in the frosh-soph contest, except to see who leaves the cellar.

SURPRISING Northbrook takes on favored Barrington while Grant travels to Antioch in other league games. The latter contest will find both schools looking for their first victory.

The Vikings have showed strength in 40-24 and 47-31 wins over Antioch and Ela, but will be up against the "alleged best" when they play host to the Broncos.

BUT THE ODDS are against them, for the Chicago aggregation has had terrific power in winning ten of eleven games to date. Their only loss was to the Bears October 4.

Of course, Card fans are pointing to their feat of winning three of the last four from the Bears, and believe they can get even for their earlier loss. Only the Packers stand in their way for a winner-take-all battle in the league season's final.

Third quarter spurt defeats Cardinals at Dundee, 36-27

by MARVIN PRELLBERG

Coach Gene Bell and his Arlington cage team opened the 1948-49 basketball season by traveling to Dundee last Friday night where they were set back, 36-27, by an aggressive Dundee squad.

This was no disgraceful loss for the Cards, for Dundee had already played two games previous to this tilt and was adapted to game conditions. Also, Coach Gene DeLacey always does have a good squad, and this year's team with all-state Jimmy Schult back was no ex-

ception. Height was another big factor as Dundee had a decided advantage, especially when Arlington's 6' 3 1/2" center, Eugene Busse, fouled out early in the final quarter, leaving the tallest man on the local squad standing 5' 10".

The first period was a sea-saw battle and ended with Dundee holding a 7-6 lead. Jack Ervin hit for 3 points in this quarter to lead the Cardinals attack, with Bruce Lindquist and Goal. Bill Robinson and Eugene Busse each tallied 2 points, and Lloyd Meyer and Orv Schaeffer each scored on a free toss for Heights.

ARLINGTON outscored DeLacey's charges in the second frame 6-5 to knot the score at half time, 12-12. Robinson, Eugene Busse and Gordon Busse divided the locals' 6 points, while Schult paced Dundee with two baskets.

Heights' downfall came in the third period as Dundee went wild and tallied 16 points to the Cards' 5 for a 28-17 lead. Five boys hit Dundee's scoring column, but Duke Beth, lanky center, led the team with 6 points. The locals tried desperately to wither that 11 point deficit in the final quarter, but the best they could do was to outpoint Dundee 10-8. "Buns" Stockdale poured in 2 baskets to lead Arlington's last quarter drive, while Junior Bretschneider tallied the same number to pace the Cardinals in this period. The game ended in a 36-27 victory for the home team, Dundee.

DUKE BETH spelled defeat for Arlington by taking high scoring honors for the night with 10 counters, 9 of them coming in the last half. Much credit should be given to Bill Robinson who held Schult to a total of 8 points for the night.

Tomorrow night the Cards will tackle Niles on the "Trojans" court in hopes of getting their first victory.

Arlington's Frosh-Soph team opened its season against the Dundee Frosh-Soph and also suf-

Nilehi swimmers lose to Highland Park

by BILL BRUCE

In the third swimming meet of the year the Nilehi tankers were defeated by Highland Park, 46-29, at the Highland Park pool on November 23.

The Trojans dominated the diving event with Dick Provost placing first and Bill Nickel second. Bob Lindahl captured the 100-yard free-style and placed second in the 40-yard free-style race. Dennis Joyce also took second in the 100-yard breast-stroke event.

The Frosh-Soph team also lost to Highland Park, 48-18. Bill Provost won the diving event and Dave Ellis placed second in the 40-yard breaststroke.

fered defeat at the hands of an aggressive Dundee cage team by a 39-25 count.

The Cards kept pace with the opposition in the first half, but couldn't keep up with a pressing Dundee team in the second half. Dundee led 4-3 at the end of the first period and led 11-10 when the half ended.

THE THIRD quarter also ruined Coach James Thon's boys, as they failed to keep alert on the fast breaking Dundee offense and were outscored 16-6 to fall behind advancing into the final period, 27-16.

The home team made sure of their victory in the last frame by outshooting the Cards 12-9 to win going away, 39-25. Ron Nehls and Tobey Knutson led the Dundee sharpshooters with 9 points apiece. Bob Evans paced the Cards with 9 tallies.

Leyden swamps Pirates, 55-29

Palatine played out of their class last Friday night and took a double thumping at Leyden. The varsity was snowed under by the sharp shooting Eagles, 55-29, while the Frosh-Soph finished on the short end of a 39-19 count.

The varsity team could not stay with Leyden's speed and trailed 32-17 at the half. Rerucha, Mascia, and Loggren each hit three baskets the first half and Anderson dunked four to pull Leyden way out in front. Leyden used 15 players. They lost only one boy on fouls in spite of 28 penalties.

PALATINE'S small substitute forwards looked better than the tall boys they replaced and between them scored 12 points. Ray Mair was Palatine's top scorer with eight points. Mascia, sophomore forward, scored 12 for Leyden followed by Rerucha and Anderson with 11 each. Steinbrink scored six points and McDonald four and both played good games at guard for the Palatine Pirates.

Rogers, Guenther and Day scored 15 of Palatine's 17 points in the frosh-soph game. Uvelli was the big scorer for Leyden, bagging five field goals and three free throws for 13 points. Leyden led at half time, 16-7, and never were pressed.

Slates complete for CYO boxing tourney

Civil war will break out in the Chicago Stadium December 9 with boxing gloves substituting for heavy artillery. Shades of the Hatfield-McCoys and that old civic rivalry between the Cubs and Sox will take a back seat when the sectional champions of the north and south sides of Chicago meet to determine the eight novice and eight open division champions in the Catholic Youth Organization's 18th annual sports classic, the CYO boxing championship finals.

Two nights of eliminations were necessary to determine north side finalists last week. South side preliminaries were held November 17 and 18 to seed south side survivors. Action took place in the CYO gymnasium, 31 E. Congress St.

Tickets for the Stadium finals are on sale at the CYO, 31 E. Congress St.; Shell House, 4100 S. Michigan; CYO Community Center, 1145 W. Vernon Park Place and will also be on sale at the Stadium boxoffice Dec. 9. Prices are scaled at \$5, \$3, \$2 and \$1. Proceeds go to maintain the CYO's activities for all youth, regardless of creed or color.

At Culver-Stockton

Marilyn Jeane Herbertz spent her Thanksgiving vacation with her parents, Mr. and Mrs. Fred A. Herbertz, Wood street, Palatine. Marilyn is a freshman at Culver-Stockton college in Canton, Mo. She is a pledge of the Alpha Xi Delta sorority and is a member of Kleig Players. Her studies are centered around Spanish and business administration.

Bits o' business

Despite talk of a slump in the jewelry business, wholesale trade is running about seven per cent above last year in dollar volume; retail sales are even with those of 1947, but inventories are 11 per cent higher. Dollar turnover, however, is still three times above that of prewar days. That soft-goods slump everyone was worried about hasn't materialized either. Even when sales hit a summer low of \$9.9 billion in July they still were a billion dollars above the like 1947 month, and there have been gains reported every month since. Durable goods industries continue to set new records. September output of natural rubber reached a new high of 145,000 tons, and American consumption moved up to a new post-war record of 122,500 tons.

Following the ceremony the pledges were honored at a break-

fast, after which the fraternity members attended the First Christian church.

Mr. Johnson, a freshman at Wesleyan, was graduated from Arlington Heights high school.

At Iowa Wesleyan

George Schuman spent the Thanksgiving week end at home with his parents, Mr. and Mrs. George Schuman Sr., of Arlington Heights. George is a freshman at Iowa Wesleyan college.

Time For Steamed Pudding

Cranberries are behind the fine flavor comes to the table steaming hot and topped with a hard sauce.

Fruity, moist, and rich—that's the steamed pudding, ideal for desserts all through the winter. Americans add cranberries to the makings for a fine flavored dish that takes well to hard sauce. After combining the ingredients for cranberry pudding, put them into a well greased large mold, such as a coffee can or a tube center pudding mold. Individual molds may also be used. Set the molds into a pan that has a good cover so that the steam from the simmering water is kept in. Do not let water come more than two-thirds way up the side of the mold so that it will not seep into the pudding. Leave the cover of the steamer on until the time is up, then turn pudding out and serve hot with a hard sauce.

Vary the hard sauce occasionally by adding a little lemon juice and lemon rind, or orange juice and rind to it. Steamed puddings are hearty desserts for hungry folks, and supply good nourishment in the enriched bread and flour, cranberries, egg, and milk.

CRANBERRY PUDDING

- 1 cup sifted enriched flour
- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 2 cup enriched bread crumbs
- 1 cup chopped or ground cranberries
- 1 egg
- 1/2 cup milk or water
- 1/2 cup brown sugar
- 2/3 cup finely chopped suet

Sift together flour, baking powder, and salt. Add bread crumbs. Beat egg. Add milk or water, brown sugar, suet, and cranberries. Add egg mixture to flour mixture, blending thoroughly.

HARD SAUCE

- 1/2 cup butter or margarine
- 1 teaspoon flavoring extract
- 1 1/2 cups confectioners' sugar

Cream butter or margarine until light and fluffy. Add sugar. Beat well. Mix in flavoring extract.

TAX FACTS

By George E. Mahlin, Executive Secretary
Taxpayers' Federation of Illinois

With the cities demanding a share of state funds, the schools demanding tremendous increases in state aid, and with various pressure groups for increased spending ready to raid the State Treasury at the next session of the Illinois General Assembly, the Taxpayers' Federation of Illinois has adopted as one of its major legislative proposals "State Aid for Taxpayers."

The Taxpayers' Federation proposes that the local property tax rate necessary to qualify for state aid for pauper relief be reduced from the present 10c per \$100 of value to 5c. This will mean a saving of \$6,756,600 to the property taxpayers of Illinois outside of Chicago in the amount necessary to be levied in local property taxes for poor relief purposes to qualify for state aid.

Chicago now qualifies for state aid for poor relief with a local tax levy of \$4 million, which requires a tax rate of a little more than 5c per \$100 of value. In other words, taxpayers outside of Chicago now have to pay almost twice as much as taxpayers inside of Chicago in local taxes for poor relief before their local governments can get state aid for poor relief purposes.

The Retailers' Occupation Tax, usually called the sales tax, was enacted to provide money for relief. The Federation's proposal will mean that more of the relief cost will be paid from the sales tax and less by local property taxes. It will mean not only lower property taxes but also less money available in the State Treasury for the spending groups to fight over.

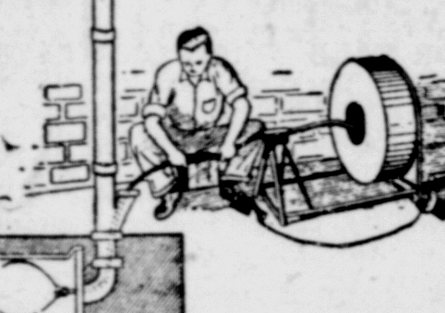

Prior to the enactment of the 100% assessment laws, property taxpayers had to pay a 30c tax rate before their local governments could qualify for state aid. After the enactment of the 100% assessment laws, 67 of the 101 downstate counties had their assessments multiplied by more than 3 while the tax rate necessary to qualify for state aid for poor relief was divided only by 3, from 30c to 10c. This meant that in each of these 67 counties, the property taxpayers now have to pay a higher bill before their local governments can qualify for state aid for poor relief than they did prior to the 100% assessment laws.

For example, in DuPage County in 1945 a house assessed at \$2,000 had to pay a tax rate of 30c on each \$100 of assessed

value, or \$6.00, before the township could qualify for state aid for poor relief. In 1946, the \$2,000 assessed value was multiplied by 7.1248, giving a so-called 100% valuation of \$14,248.60. The tax on this house for poor relief purposes then had to jump to \$14.29 (10c per \$100 of value) before the township could qualify for state aid. This meant an increased cost for the local taxpayer, a decreased cost for the state.

COUNTY 4-H NAMES LOCAL BOY, GIRL OUTSTANDING MEMBERS

Willard Knigge, Betty Linneman chosen as Cook county leaders

WILLARD KNIGGE

BETTY LINNEMAN

Willard Knigge, son of Louis W. Knigge, Palatine, and Betty Linneman, daughter of Mr. and Mrs. Edwin Linneman, Arlington Heights, were chosen last week as outstanding 4-H club members from Cook county.

As a reward, the two prominent 4-H'ers will spend three days in Chicago, starting Tuesday, as guests of Chicago and Eastern Illinois railway. Willard and Betty, along with other county winners, will stay at the Congress hotel.

Their program will include, of course, a trip to the International livestock show Wednesday morning, which will be preceded by a visit to the Breakfast club. In the afternoon the group will visit the Museum of Science and Industry and have lunch at the International Harvester farm lounge in the museum.

TUESDAY the group enjoyed a tour of the Marshall Field store and attended an Illinois Agricultural association dinner Tuesday night at the Mural room of the Morrison hotel. Betty also appeared on a television show at 7:30 p. m. Tuesday.

Willard won similar honors last year when he attended a leadership camp. This is the last year he can officially follow 4-H club work because he will be 21 years of age in 1949.

His service in 4-H club work started eight years ago when he was 12 years old. His present projects are Guernsey dairy cat-

tle and hogs. Other projects have included sheep, fire prevention, health and safety. He is being aided in his work by his brother Robert, who also is actively engaged in 4-H club work.

Willard also has served as a junior leader, assisting Harold Bergman who has been at the head of 4-H club work in Palatine the past four years.

BETTY, 17, was a June, 1948, graduate of Arlington Heights high school and has been in 4-H work six years. She is a member of the Up and Doing 4-H club which is headed by Mrs. John Wetterman. Betty also helps lead the TNT 4-H club composed of Des Plaines girls.

Mrs. Herman Dettman and Betty organized the group in May, 1948.

Betty will attend leadership camp at Bloomington in June, 1949.

She has been an outstanding state member of 4-H clubs for 1947 and 1948, and also was se-

lected as a Cook county outstanding member for 3 years. Other awards include 2 county blue awards for leadership and 1 for record of achievement, 1 county clothing medal, and 1 home improvement award in flower arrangements.

Her present projects include clothing and room improvement, the latter involving flower arrangements.

SELECTION of 4-H members as outstanding in Cook county is based on activities and improvements in county work and 4-H club work. Leadership record, high school grades and health record also are included.

While a student at Arlington Heights high school, Betty was a member of National Honor society; Quill and Scroll journalism society; Girls Athletic association; Leadership club; Pep club; Spanish club; business editor of Heights, high school yearbook; and a seven semester honor roll member.

TALES

OF THE

STREET

GOOD TIME

Members of Plum Grove Community club reported a fine time at their recent dance and party at donkey inn.

Johnny Nelson says everyone brought along favorite records for a wide variety of music. He also said the entire affair, dance, refreshments and all, was put on for a charge of 50 cents per person.

We asked him how they got away with that kind of a price in these times and Johnny's reply was they really know how to put on a shindig. Johnny says the club is now set for the cold winter months, that he has installed a heating plant (stove) in the chicken home and the club room will be warm and cozy for winter meetings.

CARDINALS

A splash of brilliant color will be added to the drab landscape these gray, late fall days by flaming red-coated cardinals that can be seen nearly every day flitting about bushes and sizing up winter food possibilities in various neighborhoods.

The bright-coated cardinal and his more modestly groomed mate are with us the year around, and they add to the winter bird life now that most feathered families have gone south for the winter.

NOT ENOUGH

It is reported Governor-elect Stevenson of Illinois, while on a recent vacation, spent much time studying the financial set-up of the state.

Reports of that study say the governor-elect has decided there won't be enough money to go around among pressure groups who have been clamoring for state funds, including schools, municipalities and other units.

Some of those groups, therefore, will find there isn't as much in this "share the wealth" idea as they thought, and that the state won't be able to step in and make up deficiencies of local government.

MILLIONS LOST

The soft corn damage is assuming grave proportions in the Midwest corn belt.

Millions of dollars worth of damage has been done, and the situation is becoming more acute. One local farmer said he had a test made for moisture at the feed mill, and then left the corn in the field two weeks to further cure it before putting it in the crib. He stated the corn was all right and didn't show any signs of softness.

Many farmers are feeding corn to hogs and cattle as fast as possible to save it by getting it into meat, but one farmer remarked even hogs were hesitant about eating it because it was so musty.

Just why the crop went soft after a dry summer and dry fall is still causing fellows out on farms to wonder what it's all about. Anyway, it looks as if the expected great corn surplus of 1948 were shrinking out of sight in a hurry, with growers rushing to feed the corn to animals or sell it for whatever price they can get.

THE BIG PARTY

Next Monday night Palatine Community club will put on a big Christmas party and benefit for the grade school cafeteria fund.

It will be a big night with a speaker, entertainment, Santa Claus, refreshments and a flock of prizes. Admission is just a toy in good condition that will help make Christmas happier for some youngster in an orphanage.

Funds raised at the party will be used for furnishing the consolidated school cafeteria. It will be a big evening, and just where folks will find time to

"WHERE THE MIND IS WITHOUT FEAR," Tagore

"Where the mind is without fear and the head is held high;

Where knowledge is free;

Where the world has not been broken up into fragments of narrow domestic walls;

Where words come out from the depths of truth;

Where tireless striving stretches its arms towards perfection;

Where the clear stream of reason has not lost its way into the dreary desert sand of dead habit;

Where the mind is led forward by Thee into ever-widening thought and action—

Into that heaven of freedom, My Father, let my country awake."

THE MAILMAN'S CORNER

by LELAND ELLIS TRUXELL

by LELAND ELLIS TRUXELL

Sometimes the folk we oldesters handle our young folks makes me think that some of us should have our heads examined.

Just the other day a young 'teen' ager wrote in to the Chicago Daily News expressing a very genuine and justified gripe.

He was complaining that a 'teen' ager has to pay adult admission charges in order to attend the movies, yet he is barred from attending any show for Adults Only.

This young man felt that he should be entitled either to attend shows on a children's ticket, or that the theatres, (and the city fathers and mothers who sit on the censorship board), should do away with Adults Only shows. It seems to me that he is right. I do not say that children should be allowed to attend restricted shows, and I do not in any manner approve of it. But I do say that if they are compelled to pay adult admissions, then there is no just basis upon which we can restrict them.

Another thing which has irritated me for a long time is the difference in the time that boys and girls become of age. Why is a girl, eighteen, allowed to enter a saloon and drink until she is thrown out if she chooses, but a boy is not permitted to buy a drink in a saloon (theoretically) until he is twenty-one? Can a girl, eighteen, stay sober longer than a boy eighteen? Isn't it really more dangerous for a girl at that age to become intoxicated than it is for a boy? Why permit children in their teens the privilege, if you can call it that, of mopping it up with every Tom, Dick and Harry in the neighborhood?

This is an age when the youth of America, and of the whole world, is sorely tempted toward loose living. Perhaps the three greatest temptations are the movies, saloons, and the magazines—some of them. Magazines and

movies, may it be said to their credit, are the lesser of evils. They do much good as well as harm, and if young folks are taught to love good movies and good literature from their infancy, then we have little to fear. It is only when a taste in literature and art is allowed to develop undirected that they are potential sources of evil.

Clean movies will remove the necessity of Adult Only shows. Aroused public resentment will keep 'teen' agers out of saloons regardless of sex.

Potato-digging politician uses 'garden' psychology

A politician out in Arkansas was asked by his wife to lay aside politics long enough one day to dig potatoes in the garden.

He consented and after digging a few minutes he returned to the house and said he had found a coin. He washed it off and it proved to be a silver quarter. He put it in his jeans and went back to work.

Presently he went back to the house and said he'd found another coin. He washed it off and this time it was a silver half-dollar. He put it in his jeans.

"I guess I've worked pretty hard," he said to his wife. "I think I'll take a short nap."

When he awoke, he found his wife had dug the rest of the potatoes, but she found no coins. It then dawned upon her that she had "been worked."

Mr. Muller visited all principal cities of North Germany and had a splendid time among relatives and friends. He says Germany has good crops, fine roads and some other things better than the U. S. He returned on the Kaiser Wilhelm and had a delightful trip.

JUST AROUND THE CORNER

Dear Jane:

Confucius said: "The men of old, when they wished their virtues to shine throughout the land, first had to govern their states well. To govern their states well, they first had to establish harmony in their families. To establish harmony in their families, they first had to discipline themselves. To discipline themselves, they first had to make their purpose sincere. To make their purpose sincere, they first had to extend their knowledge to the utmost. Such knowledge is acquired through a careful investigation of things. For with things investigated knowledge becomes complete. With knowledge complete the purpose becomes sincere. With the purpose sincere the mind is set in order. With the mind set in order there is real self-discipline. With real self-discipline the family achieves harmony. With harmony in the family the state becomes well governed. With the state well governed there is peace through the land."

It would seem we could well heed the plea of this passage to day in our own land. With personal virtue as the basis of effective government we might yet achieve genuine peace among nations. And, as young Peggy said in the movie, "Apartment for Peggy," "we might just as well begin with our own son."

Adeline Bullock thinks: "We mothers must recognize and accept a large portion of the responsibility of forming tomorrow's world. Let us plant so deeply in the hearts of our youth the seeds of tolerance and respect, of honor and integrity, that a better world will come, not from the fear of atomic destruction, but as a natural harvest of our thoughtful planting."

"To be a mother of men, a woman must make men of her boys. She demands their best, not because it belongs to her, but because it is due to them. For that which is due children is not ease and luxury but hardening of muscles, the habit of work, a sense of honor, and a

self-respect born of integrity."

PRAYER, by Whittier
"Dear Lord and Father of mankind,

Forgive our foolish ways! Re clothe us in Thy rightful mind. In purer lives Thy service find. In deeper reverence, praise Thy still deus of quietness;

Till all our strivings cease; Take from our souls the strain and stress, And let our ordered lives confess

The beauty of Thy peace." Emerson said: "There is a time in every man's education when he arrives at the conviction that envy is ignorance; that imitation is suicide; that he must take himself, for better or for worse, as his portion; that, though the wide universe is full of good, no kernel of nourishing corn can come to him but through his toil bestowed on that plot of ground which is given him to till."

"All that we are is the result of what we have thought; it is founded on our thoughts; it is

made up of our thoughts. If a man speaks or acts with a pure thought, happiness follows him, like a shadow that never leaves him," Buddha.

"WHERE THE MIND IS WITHOUT FEAR," Tagore

"Where the mind is without fear and the head is held high; Where knowledge is free;

Where the world has not been broken up into fragments of narrow domestic walls;

Where words come out from the depths of truth;

Where tireless striving stretches its arms towards perfection;

Where the clear stream of reason has not lost its way into the dreary desert sand of dead habit;

Where the mind is led forward by Thee into ever-widening thought and action—

Into that heaven of freedom, My Father, let my country awake."

Woodstock moves to renew lease on government barracks

With the lease expiring the first of the year on the property where the government barracks are located, the city council is making every effort possible to have the lease renewed.

Twenty-one families live in these barracks and all but two are the same which moved into them when first constructed.

The barracks were obtained by the council after the war in an effort to relieve the housing shortage in the city. Mayor Johnson said every effort will be made to keep them as long as there is a need for them.

Wauconda cop sets up road block, badly hurt in crash

Frank Steiskel, 30, Wauconda night patrolman, is in Concill-Memorial hospital hovering between life and death as the result of injuries suffered last week while in line of duty.
Farrell McGill, Wauconda oil truck driver and the father of several children, was taken to Lake county jail on charges of reckless driving, driving while intoxicated and running a stop sign. He was unable to post \$5,000 bond. The charges were preferred by Mundelein police. Other charges are to be filed by Wauconda police and still additional charges await filing pending the outcome of Steiskel's injuries.

About 12:15 a.m. Monday Patrolman Edward LaMagdeleine saw McGill speeding on route 175 west through Mundelein. He gave chase, at one time clocking the McGill car at 95 miles an hour. Unable to overtake McGill, the patrolman radioed police in towns west of Mundelein. Steiskel set up a blockade opposite the Wauconda Beach hotel, placing the squad car across the rd. He got out of the car with revolver drawn, and walked back of the car. In a few minutes the speeding McGill car came along and struck the squad car. The impact was terrific and the squad car was tossed against Steiskel who was knocked several feet to the pavement. McGill was pinned in his car.

The award was presented by the medal's donor, Britton I. Vets must watch expiration dates of life insurance

Illinois veterans of World War II holding original National Life Insurance policies were warned today to watch the expiration date of their policies.

The warning came from Homer G. Bradley, administrator of the Illinois Veterans Commission, who pointed out that original NSLI policies are expiring every day and will continue to

do so until December 1953. Veterans holding such policies are urged to renew their insurance for another five-year period before the expiration date or to convert to one of several plans available.

To prevent losing their insurance, every veteran should check with their nearest Illinois Veterans Commission office to ascertain the status of their insurance.
The IVC office in Cook county is located at 41 South Prospect, Park Ridge.

Ramblin' Around with Ramble Inn

by PATTI BOYLES

The drive to raise money to buy a television set for Ramble Inn has been thoroughly planned and organized by the officers and Mr. and Mrs. Campbell. In order to cover the towns more completely, Arlington Heights has been divided into twenty districts, Mt. Prospect into two districts, and Wheeling into one. There will be a captain in charge of each of the districts. It will be the captain's job to see that the members in his district visit every home within that area and that the goal for that district is reached.

The drive will get underway next Wednesday, Dec. 8, from Ramble Inn. There will be a mass meeting of all the members and captains at which they will receive the tickets which they're to sell. After the meeting is over, the members will go out and start the drive immediately.

THE PURPOSE of this drive is not to make any profits, but to raise just enough money to buy the television set.

The ping-pong tournament is progressing rapidly. The Frosh-Soph are already down to the third bracket and the Junior-Senior are on the second bracket. The tournament is run on single elimination. There are

five games in a match, and in order to win a match a player must win three out of the five games. Bernard Brock is asking all of the players who haven't yet played their first match to do so as soon as possible.

The Y. C. was thoroughly cleaned last Saturday by Wally Page and Ken Bork.

Notice

Take notice that an application for retail liquor dealers' license outside incorporated village or town in Cook county has been made by the following:

Stanley Kozlowski, "Suttons Corners" Sutton and Penny Roads, Rt. No. 1, Barrington Township, Dundee, Ill.

Objections to the granting of Local Liquor Control Commission in writing and signed by such license may be made to the President of the Board of Commissioners of Cook County, as the objector within eight days stating specifically the grounds of objection.

W. N. ERICKSON,
Cook County Liquor Control Commissioner.

Airplane Dusting

A ground duster traveling five miles an hour, applying 20 pounds of dust to the acre in a swath 28 feet wide, covers 1.28 acres a minute and so must distribute 5.60 pounds of dust a minute. If the airplane travels 60 miles an hour, covers a swath of 35 feet and applies 20 pounds of dust an acre, its equipment must treat 4.24 acres a minute with 84.80 pounds of dust. Speeding up to 85 miles an hour, it must feed and disperse 120.2 pounds of dust over 6.04 acres in a minute, or the dust must be handled at two pounds every second—21.46 times as fast as in the ground machine.

Sparks Polio Drive

Grantland Rice, famed American sports writer, once again leads national sports drive for **MARCH OF DIMES** January 14-31. Under his chairmanship the entire sports world pledges 100% cooperation in the 1949 fight against Infantile Paralysis.

Highway Construction

One and one-half billion dollars will probably be spent in 1948 on highway construction, according to an estimate by the U. S. department of commerce. This compares with \$1,154,000,000 in 1947. Mileage to be let to contract in 1948 is estimated at 24,500 and with work carried over from 1947 will total 40,689 miles.

THE RED & WHITE OF IT

by JANICE HACKBARTH

Yesterday was College Day at Arlington High. Representatives from 57 midwestern colleges and universities were in the cafeteria from 9 to 11 a. m. to talk to the seniors and their parents. Juniors also had a chance to meet the representatives from 10 to 11 a. m.

The radio workshop and dramatics classes went on a field trip to Chicago on Nov. 24. The 30 students under the supervision of Miss Patricia Potts attended "The Breakfast Club." One of the students, Laverne Lanciotti, was interviewed. Laverne had written that she would tell a good joke—that's the secret to

success for getting on the show.

NEXT the students went backstage at the Chicago Theater. There the pupils examined the panel of light switches and the ropes for curtains and scenery. A guide accompanied the group and explained the uses of the equipment.

Then the group was shown through the television station WBKB in the State Lake Building. A guide explained the functions of the apparatus in the master control room and the projection room. When observing the studio, the students noticed that the ceiling was one mass of lights. They also looked over the two television cameras,

which were mounted on movable "dollies." Later the students visited the T. V. Theater.

In the afternoon the group attended the play "Command Decision." That concluded the "class" for the day.

Today there will be a Keen Teen Assembly at 2 p. m. in the gym. So far plans for the program have been kept a secret. However, it is rumored that some celebrities are to appear in support of the candidates, Eugene Busse and Roger Breda, who are seniors at AHTHS.

The magazine campaign is really rolling along. Arlington High students have been successfully selling large numbers

of magazines to their neighbors and friends.

Bill Minshull was the high salesman the first day. He sold \$47 worth of subscriptions. At this rate the school ought to raise a tidy sum for the choral robes.

Campaign of 1868

In the presidential campaign of 1868 Gen. Ulysses S. Grant, Republican, swept in to victory. His electoral college majority was overwhelming, 214 to 80, but his popular vote was less impressive, 3,015,071 to 2,709,613 for his Democratic opponent, Gov. Horatio Seymour of New York.

Jobless claimants at year's low

A new year's low in the number of claimants for State unemployment compensation benefits was set in the week ended November 13th when only 50,751 persons filed claims, State director of Labor Robert L. Gordon reported.

"This number represents almost a 5% drop off from the prior low established in the preceding week ended November 6 when 53,314 claimants filed," Gordon said, "and indicates a decline of over 32% from the 74,878 persons who filed claims during the first full calendar week of the year."

Trees Older than Christmas
There are many fantastic tales about the age of redwoods. Despite the name sempervirens they do not live forever. But some are more than 2,000 years old. One specimen scientifically measured was a redwood felled within a mile of Dyer-ville, Calif. Its ring count showed a life span back to 266 B. C.

Emanuel Swedenborg
Although Emanuel Swedenborg did not intend to found a new religious sect, one grew up after his death in 1772, and it still is in existence. His followers are known as Swedenborgians and are members of the New Jerusalem church.

Winter most dangerous time for carbon monoxide deaths in cars

Adequate ventilation of their cars at all times provides motorists with their most dependable defense against the winter hazard of carbon monoxide poisoning, annual killer of several hundred highway users and a contributing cause of many more accidents, Charles M. Hayes, president of the Chicago Motor Club, warned.

Present in the exhaust gas of all cars, this colorless and odorless gas claims a majority of its fatalities among motorists when their engines are running in closed garages or in parked cars, Mr. Hayes states.

The Chicago Motor Club urges motorists never to run the engines of parked cars unless at least the side vents are open, and preferably windows too. Garage doors should be kept open whenever the engine is running.

PARTIALLY opened cowl and a side vent will usually provide adequate ventilation in moving vehicles, providing they have been competently inspected at the outset of winter for leaks in the exhaust system, and if their exhaust pipes extend well beyond or above their rear.

At the outset of winter all cars, new or old, should also receive an engine tuneup to assure maximum combustion efficiency and minimum carbon monoxide content in exhaust gases, the Chicago Motor Club recom-

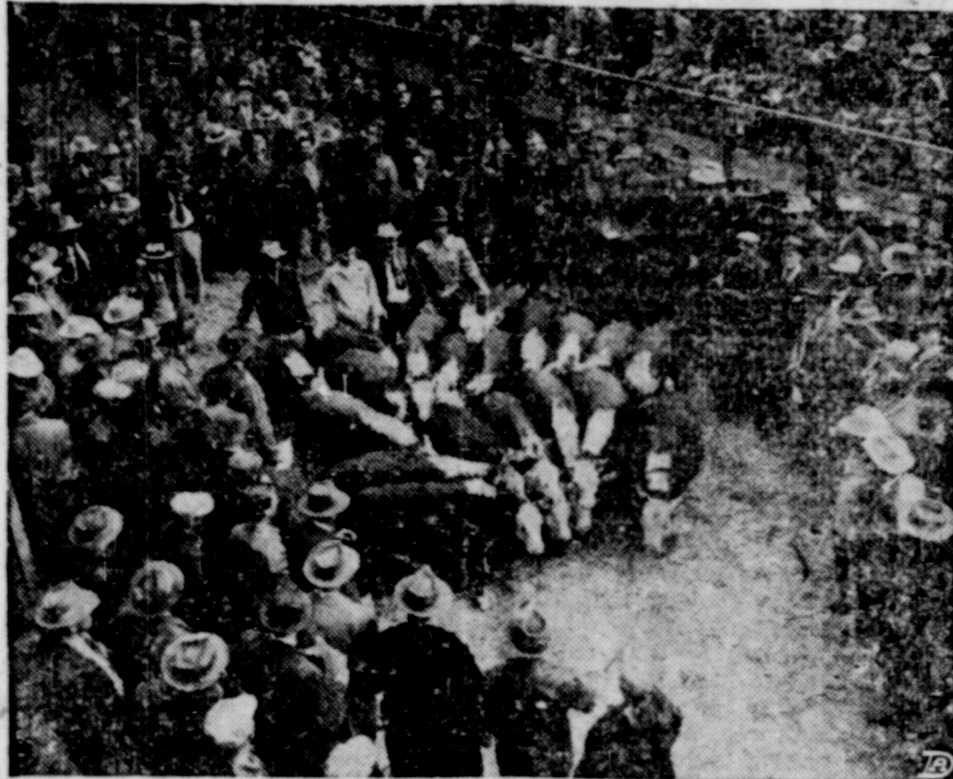

Pheasant flies through window

William Prokop, Kelsey road, near Barrington, went hunting recently and a pheasant which his dogs flushed out of the field flew across the road, through his yard and right through the window of his home. The bird was not injured by the broken glass, but was captured in the house.

Corn Borer

One step that can be taken to meet the danger of the corn borer is to plow cleanly all land in corn. Completely covering all trash, stalks and stubble, kills the borer. It is estimated that the borer moth may fly as far as 25 to 50 miles. Insecticides recommended by entomologists include DDT and Ryania.

Champions of 1948 Chicago Feeder Show

CHICAGO—These blocky Hereford feeder calves brought a new Chicago record price of \$65.75 per cwt. when they sold recently at the Annual Chicago Feeder Cattle Show and Sale. They had previously been declared Grand Champions over 128 carloads of all breeds shown. These 20 Herefords which averaged 366.5 pounds per head were purchased by John P. White & Sons, Batavia, Ill., from the breeder and exhibitor, the DeBerard Cattle Co., Kremmling, Col.

Grace
By grace are ye saved through faith; and that not of yourselves: it is the gift of God.

When is spinach not a spinach?

The Interstate Commerce Commission maintains that when spinach is washed, cleaned and packaged it becomes a manufactured product not exempt from regulation under the Interstate Commerce Act.
This Act exempts motor carriers transporting farm commodities (not including products manufactured from these commodities) from ICC regulations.
A reversal of the ICC's position on spinach is being sought by AFBF at a hearing before an ICC Examiner, which grew out of the so-called "Harwood Case." According to a brief to be filed

by H. Willis Tobler of AFBF's Washington office, ICC should not have assumed jurisdiction over Norman E. Harwood's application for a contract carrier permit to transport fresh spinach and vegetable salads.
AFBF emphasizes that, in passing the Motor Carrier Act, Congress recognized that most fresh fruits and vegetables are washed, cleaned and packed merely to prepare them for markets.
This preparation does not make spinach a manufactured product, and motor vehicles carrying washed, cleaned and packaged spinach should be exempt from regulation under the Act, AFBF maintains.

NO MORE FROZEN WATER PIPES!

"Push Button" Methods Tested At Wisconsin On Farm and In Home

By IRA MILLER
Farm Electrification Bureau

Push button farming is taking production and household problems in stride at the University of Wisconsin. Electricity cleans barns, unloads the silo, brings hot and cold running water to the milk house, stimulates hens to lay more eggs and broods chicks, pigs and lambs. And what it does for the old farm kitchen are collective wonders to behold.

All this is taking place without fuss or feathers at Wisconsin's Electric Research Farm. Prior to its establishment, tests showed that electric power, properly used, could save about 30 percent in time and labor on the average farm.

In working out kitchen details, experts voted for a U-shaped installation. Equipment includes a refrigerator, range, dishwasher, exhaust fan and, what is described by one farm wife as, "oceans of cupboard space."

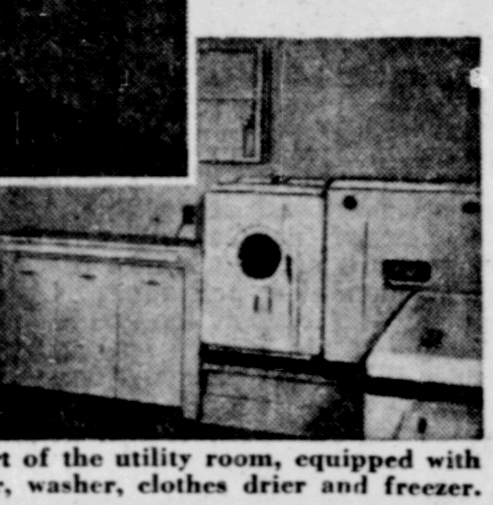

The utility room is equipped with Wisconsin Electric Research Farm turns attention to household tasks. Shown above is a view of one section of the all-electric kitchen in the experimental home. To the right is a photograph of part of the utility room, equipped with such electrical helpers as an ironer, washer, clothes drier and freezer.

clothes sorting carts, the "business end" of the clothes chute, washing machine, clothes drier, and ironer. Although it doesn't quite put washing and ironing in the "swivel chair" class, it comes pretty close to it. And, that's not all. One corner is devoted to the canning department, and contains cupboards, hot plate and pressure cooker. Still another equipment feature of the utility room is a large home freezer.

What do all of these marvelous electric appliances add up to? Two things—increased income and more leisure. Both are tied to the fact that release from unpleasant household chores provides farm wives with additional time. And that time can be spent in several ways: helping raise more chickens or a bigger, better garden, for example. It also will enable many hard-working farm wives to "sit on the porch and rock awhile," give them opportunities to engage in community activities and to help their husbands with farm plans.

The University has ruled out gadgets on the research farm program. Its engineers are out to make electricity work for the average farm family. They are the advance men in the making of farm dreams come true.

LAW on the FARM

Natural Property Rights. The ownership of farm land includes the right to make a reasonable use of land. Whether or not a particular activity is reasonable, and whether or not an owner in a particular instance may continue such activity when it injures others, is a mixed legal and practical question which has to be determined in each case.

Our courts have said that as a matter of natural right every property owner is entitled to certain duties or immunities from surrounding owners. For example, an owner is entitled to lateral support for his land—that is, support by the land which lies adjacent. So if a man excavates on his own property and causes his neighbor's

land to cave in, he can be made to answer in damages. Also, he is entitled to subjeacent support for his surface in cases where a coal company or others own the minerals under the soil. The owner of the surface is entitled to have tunnels and underground excavations "propped" to prevent the surface from dropping and forming pockets.

An owner may make reasonable use of streams which flow through or along his land, but he cannot pollute the water or divert it so that damage results to lower owners. Among the important rights associated with the ownership of Illinois farm land are the following:

A right against unauthorized persons who enter the farm-trespassers.

A right to unpolluted air. A right to enjoin such use of neighboring land as amounts to a nuisance. Conceivably this could apply to weeds near the property line.

A right to all of the minerals in the soil unless they have been conveyed to or reserved for someone else.

A right against those who negligently invade the "column of air" above an owner's property. Aircraft are not regarded as negligently invading this "column" unless they fly too low, make a landing, or intentionally "buzz" livestock or buildings.

A right against other property owners if they change the point at which surface waters drain into the farm, or if they dam waters and cause them to back up on the owner's field.

In particular cases one farmer may have rights of way or of artificial drainage in an adjoining farm acquired by "long continued use." These rights are referred to as easements and accompany or "run with" the title of the land which they benefit.

Despite all the rules which purport to make an owner's rights in his land absolute and definite, they are only relative. They are constantly being changed and altered by custom, court decisions, and legislations so that the public interest is best served.

Refrigeration Frost
Frost on the freezing compartment of electric refrigerators has no chemical impurities because it is condensed from moisture in the air.

To study possible concessions on tariff rates

Possible tariff concessions on farm commodities imported from 11 nations will be studied by U. S. Tariff Commission officials at public hearings starting December 7.

The hearings are designed to lay the groundwork for negotiation of reciprocal trade agreements next April, with the following countries: Italy, Greece, Sweden, Uruguay, Peru, Finland, Denmark, Dominican Republic, El Salvador, Nicaragua, and Haiti.
Partial list of products supplied by these countries includes: Greece — Tobacco and olives; Peru — cotton; Denmark, Finland and Italy — cheese; Uruguay — hicks and skins and meat.
AFBF strongly favors the principle of reciprocity as a means of reducing trade barriers between nations and helping to insure long-term markets abroad for U. S. farmers.

Announce winners in Hybrid corn yield

J. Fred Meyer, Arlington Heights local dealer for DeKalb Hybrid seed corn, is very pleased that two of his customers won second and third place in the 1948 5-acre yield contest. They are Raymond Rohling, Elk Grove, and Albert C. Drewes, Wheeling township.

Harry Cletcher, R. 1, Lockport, wins first place with an average yield of 116.05 bushels per acre, using DeKalb No. 458.
Raymond Rohling, Palatine, wins second place with a yield of 114.53 bushels per acre, using DeKalb No. 404-A.

Albert C. Drewes, Mt. Prospect, places third with an average yield of 112.14 bushels per acre. He uses DeKalb No. 410.

The tests showed the corn to be of high quality and much lower in moisture than has been the experience this year. It has all been cribbed and the danger of spoilage is light. Mr. Meyer stated that he has a good supply of seed on hand and is prepared to fill all requirements.

Germination tests showed very high this year for all corn picked for seed before heavy frosts. Their percentage ranged from 96 to 99, and the seed is much better than usual.

Keeping Lard Fresh

Home-rendered lard can be kept fresher by adding two to three pounds of hydrogenated vegetable shortening to 50 pounds of lard at the time of rendering. With this method, lard remains fresh twice as long, in most cases.

1948 Christmas cards emphasize dramatic scenes for holidays

The new Yuletide greetings are exciting as a stage designer's crayon sketches for a gigantic Christmas play.

There's a pageant-like, theatrical air to the 1948 Christmas cards as they re-create the magnificent scenes of our centuries-old Yuletide traditions.

The emphasis in this season's cards is on story-telling designs costumed in bold and vivid colors, their drama enhanced by impressionists lighting effects. One typical and striking card portrays the gaunt, awed faces of two ragged shepherds blanched by the blinding illumination from the heavens on that first Christmas Eve.

Even the modern scenes bring to like moments of Yuletide drama—Santa pulling on his boots at midnight ... the first gleam of candlelight on sparkling Christmas tree ornaments ... the astonished, ecstatic smile of a child on Christmas morning.

BUT WHILE this season's Christmas cards gain a delightful freshness from the new art style, their themes remain staunchly traditional. This year's most popular designs are those portraying familiar and well-loved Yuletide symbols—"Candles, holly, and mistletoe; Christmas trees and lots of snow," as one card rhymes it.

"These themes are favorites because they still express the average American's conception of the ideal Christmas," observes the National Association of Greeting Card Publishers. "However simple his Christmas card may appear, these universal symbols add to his holiday greeting a sense of all the colorful Christmastime tradition and good will of centuries."

MORE RELIGIOUS designs are available than in several years. The Madonnas and Nativity scenes are especially gentle and appealing. One unusual card consists of an illuminated map of the ancient Holy Land on crackling parchment. Another particularly lovely greeting pictures the Holy Family on its lonely flight into Egypt, midway in a vast desert against a star-flecked sky.

Even the floral cards have a dramatic air, with poinsettia flaming against a solid-gold background, Christmas roses framed in ebony, and mistletoe—Druid emblem of purity—with its white berries outlined against a gigantic bow of red ribbon.

Realistic and novel effects are achieved on many of this season's cards by employing bits of cloth

and other actual materials. Santa has a beard of wispy white feathers, there's a cotton batting tassel on his cap, and tiny plastic bells dangle from the holly wreath on the door.

Those playful cherubs, so popular in the past few years, are up to a dozen new tricks. One pair is sawing up candy canes for "short and sweet" Christmas greetings. And there's an angelic Scotch lassie with plaid wings, busily knitting a pair of ski socks on a cloud.
